# CanBRAKE™

by: ✱ CANLINE

## Features:

- Easily mounted to gravity track work, air deck, and other applications
- Adjustable magnetic strength to optimize can speed performance
- Design contains no wear parts for a long life
- No electric control required

## Benefits:

- Works with Aluminum cups and cans of all sizes
- Improved equipment life by reducing wear & tear, no contact with moving parts
- Improved production efficiency & higher speeds, through reduction in tipped cans
- Reduction in can dents & scratches from elimination of can contact
